

About us

Project Resource Limited is a premier recruitment consultancy that specialises in the construction, civil & rail industries. We work with market leading consultancies and contractors across the UK and offer a bespoke recruitment service based around your skills and experience.

Our expertise

Project Resource prides itself on assisting you to find the right position. We employ professional recruitment consultants dedicated to delivering results. We decided long ago that the best way to do this was by specialising in particular areas of technical competence. We specialise in finding new jobs for:

- Health, Safety, Quality and Environmental professionals
- Planning Supervisors
- Systems Assurance specialists.

Project Resource have spent and continue to spend extensive time in consultation with our clients, which leads us to being in a position to offer you unrivalled choice and suitability of work, when helping you make your next career move.

We have dedicated teams, who specialise in finding jobs in specific geographical regions for specific skill sets, so can find the right job for you very quickly and efficiently.

If you are looking for your next opportunity in the industries and areas listed above, then Project Resource must be your first point of call.
